Comments	Response
For some reason or other, I wasn't able to download some documents for a few days, even though I tried on four PCs with different domains.	We are still looking into this. No rational problem has surfaced yet. We are stumped.
I wouldn't mind more quizzes, after each lesson. Even though they're just true and false and I aced them. I found myself pausing and rethinking all of the material.	This is exactly where the new online training tool is going. More quizzes embedded into the material and checking acquired knowledge throughout the training.

## Other Comments

- The length was suitable. I don't have a problem reading lots of material, which was excellent.
- Reading other posts is also useful.
